

C = Common species

O = Occasional species

R = Rare or uncommon species

A = Accidental or off-course migrant

N = Nesting Species (Species marked with an \* nest only in Hocking Region of Ohio range)

M = Seen most commonly in either Spring or Fall migration.

S = Seasonal winter/summer resident

Aquatic habitats including lakes, ponds, rivers, borrow pits and wetlands.

Heavily forested habitat.

Open grasslands or meadows. Including reclaimed strip-mine areas.

Succession forest/field or primarily mixed habitat.
